

## DEAN GAVRILOVIC : DIRECTOR'S PROFILE

Signature Project Management was founded at the conclusion of the NBESP Affordable Housing Stimulus where the Director Dean Gavrilovic worked in the delivery of over \$100M of affordable housing. Dean foresaw an opportunity and desire to continue working in the Social and Community Housing sector and has built a company where over 70% of projects are directly for the Community Housing Sector. Dean has over 30 years experience in the property, development and construction industry, delivering a wide range of specialist and unique projects. As an industry expert, he provides strategic advice, development and project management in collaboration and with his clients and peers to achieve the highest quality solutions and outcomes.

### WHAT OUR CLIENTS SAY

*"I was delighted that our paths crossed during the NBESP program; where Dean demonstrated exemplary skills and awareness of the not for profit community housing sector. We worked together on a twelve month construction project, overcoming some very challenging obstacles. He was proactive, timely, professional; great wisdom - advice based on a wealth of experience. Throughout many other projects, I could rely on him with absolute confidence, knowing he champions his client's interests without reservation. His network of contacts equally reflect his commitment to quality. Dean is absolutely dependable, professional and able to manage complex multi-million dollar projects."*

**Ian Sinnett Former CEO Common Equity NSW**
